

# GOOGLE CLASSROOM FOR PARENTS

**Teachers create assignments and add in learning resources, reading materials, videos, links, and handouts for students to work on**

**Students receive an email notification when there is a new assignment and are able to submit the assignment on Classroom**

**Google Classroom can be accessed on iPad, computer, xbox & PS4**

**If you want a view of more things that are posted on the online class, have your child log in to their account and you can view the class from their perspective**

**Students can message teachers directly with questions and/or comments on assignments and announcements**

**Try to relax! This is all very new uncharted territory for many people, and many teachers are also trying to teach their own children so they understand the idea of working full time from home and watching over their own children. It will take a little time to get used to new resources and new routines.**

# GUARDIAN EMAIL SUMMARIES

**As a guardian, you can get email summaries about your student's activity in Classroom.**

**email summaries, include**

- **Missing work**—Work not turned in when the summary was sent.
- **Upcoming work**—Work that's due today and tomorrow or that's due in the upcoming week.
- **Class activities**—Announcements, assignments, and questions recently posted by teachers.
