

WHAT HAS BEEN HAPPENING IN TY?

We hit the slopes!

In February we headed to the Ski Club in Kilternan to try our hand at skiing. The day was filled full of laughter and maybe a few falls! No injuries though.

Visiting the Botanic Gardens

Ms French organised a wonderful visit for the class to the Botanical Gardens in February. We had a the most fabulous tour of the gorgeous gardens and learned so much about the stories behind some of the most interesting plants that can found there.

P-tech Internships

In late February, the class embarked on a wonderful journey as interns with Virgin Media and Irish Water. They had an incredible six weeks and were amazing in their delivery of their presentations at IBM.

Mountain Biking

In April, those who dared to be brave enough headed to Ticknock for some Mountain Biking. The students had some fun mastering the biking trail through the beautiful forest there. It is very fast paced and not for the faint hearted!

Volunteer gardening

In April, we visited the Mater Step Down Unit in Griffith Court to do some volunteer gardening for the elderly. The students transformed an overgrown courtyard into a beautiful and relaxing space for the residents.
