

Ukulele Course with Pedro Ponciano

Beginners

The beginners course is for those who have none or very little experience playing the ukulele.

In this course you are going to learn essential skills in order to play the ukulele, such as:

- Musical notes, string notes and how to tune up your ukulele using a tuner
- Hand terminology (Left V. Right Hand)
- Ukulele parts
- How to read chord diagrams, common chords and chord progressions
- How to hold the ukulele; different ways to strum it and how to practice learning songs by playing along with the music
- Tablature and single melodies
- Fingerstyle accompaniment
- Repertoire

Improvers

The improvers course is for those who have had some experience with the ukulele before such as:

- Be able to tune up the ukulele
- Know basic chords from memory such as: C, Am, F, G
- Be able to play at least one song or strum chords

The content will focus on repertoire in a variety of styles such as: rock, pop, country and in a variety of techniques such as:

- Strumming songs V. different rhythms
- Fingerstyle accompaniment
- Fingerstyle solo pieces
- Single note melodies
